President's Message

Hello XWARN!

Summer is in full swing. I hope everyone is staying cool.

Field Day went great despite the heat! A huge thank you to each and every one of you for coming out and helping. I'd like to extend a personal thank you from me to the set up and tear down crew. After a long night of operating, tear down is grueling!

We celebrate America this month. Amateur radio wise, we can celebrate with the 13 Colonies event. This is probably my favorite on air special event, and I hope everyone gets the chance to participate.

We have some great public service events coming up. We appreciate all the volunteer time you put in to make these events great! Sign up not if you haven't yet. If you need more information, contact N8ADO for details.

The meeting this month is once again in the alternate location due to the 4H building being booked. This is the last time we should have this issue. I appreciate all your flexibility.

73,
Elizabeth,
KE8FMJ AuxC
